FEATURES / BENEFITS: Premium sorbent for extended-use/high durability. Absorbs any oil or hydrocarbon while repelling water. Available in various sizes for a customized fit. Strategically placed hooks to form a boom chain of any length. Contained in a white fish netting sleeve which enables greater oil penetration and easy saturation indication. Forms a floating migration barrier to contain and absorb oil spills on water. Continues to float while fully saturated. Can be used as a barrier in holding ponds to retain waste and debris.
